

FAA Safety Team presents:

# **AOPA Rusty Pilots presented by Pittsburgh Flight Training Center**

Life may have gotten in the way, but the dream of flight can be yours again. Returning to the skies is not as difficult as most rusty pilots think. We're inviting you back in the cockpit and will help you get there. Come and participate in a FREE Rusty Pilots program with fellow lapsed pilots. We will help you understand what's changed in aviation since you've last took the controls and brush up on your aviation knowledge. The Rusty Pilots program is developed by AOPA in partnership with local flight training providers in order to create the best environment for getting you back in the air and a part of the general aviation community.

It is easier than most people think: No FAA checkride or test Medical may not be required As a Bonus, by attending, you get two to three hours of free ground instruction towards your flight review!

Select #: EA2769633  
Representative Meghan McCutcheon

**Directions:** Please register for this event is through the AOPA registration link provided below.

Located on the East Ramp. Parking is available in the circle or the parking lot to the West. Walk towards the terminal and follow the black railing to the right past the Stat Medevac building. There is a small gate that allows access to the ramp. You will be able to access the flight school by a short walk across the ramp.

There is no pre-registration on the FAA site for this event.

#### **A message from the National FAASafety Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
